

Parents & Guardians

We are excited to announce that we are using Snap! Raise as our online fundraising platform.

The Snap! Raise team is dedicated to making all our lives easier. This means that our club and team leaders have more time and money to lead, and your students can focus on what's most important: participating in the activities that they love. We appreciate your dedication and look forward to working hard to continue building impactful programs for all our students.

Why did we choose Snap! Raise?

Proven Results: Snap! Raise is the nation's leading fundraising platform for K-12 groups, clubs, and teams. Since 2014, Snap! Raise has helped more than 125,000 groups in the U.S. raise more than \$800 million dollars.

Safe & Secure: They are one of the safest options for our groups to raise money. Not only does their fully digital approach eliminate the need for door-to-door sales, but the security of raising money using a PCI compliant platform gives peace of mind. We know that our programs and the generous donors who support us are safe, and the money raised will benefit our students.

Our students' digital security is also a top priority. Through a Snap! Raise campaign, your student's privacy and property are strictly protected. Your student can engage their network of fans and raise money utilizing the easy-to-use fundraising page, all while safely protecting their personal information. Please visit snapraise.com/privacy-policy for more information.

What can you and your student expect?

If your student's group leader has opted-in to run a Snap! Raise campaign, there is no initial start-up fee. Instead, we charge a percentage fee of the overall funds raised after the close of the campaign. Organizations that we partner with keep 80% of the total dollars raised.

Your student will access a secure campaign page tailored to their group, where they'll collect 20 or more email addresses and phone numbers from their top supports - these contacts are strictly protected. They can utilize social media to amplify their campaign's impact. Additionally, they have the option to invite you to the platform and assist in setting up their fundraiser, without you having to join the campaign. Simply, follow the instructions in the email sent to you for access to the parent/guardian portal. Once your student uploads their contacts, the Snap! Raise platform manages the rest, allowing your student and their group leader to get back to doing what they love!
